

Can't Get to My Office? Keep Your Appointment Virtually!

Quiet & Privacy

- Use a private, confidential space
- Ensure no one else is within hearing range
- Mute noises (phones, alarms, etc.) to avoid distraction

Equipment

Computer, laptop, or smart phone (Android or iOS) with:

- Webcam / front-facing camera
- Microphone and speakers
- High-speed internet connection
- Latest version of Google Chrome, Mozilla Firefox or Safari

Safety

Information to share with Dr. Dan:

- Local emergency phone number
- Address (in case of emergency)

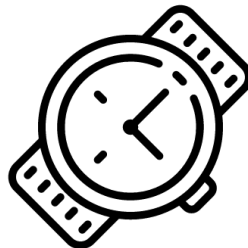

Lighting

- Choose a well-lit area
- Do not place light sources behind you

Testing 1, 2, 3

- Check your audio and video connection prior to session here: doxy.me/DrDanMetevier
- After entering your name, choose the "Pre-call Test" button from the lower left portion of the screen

Time to Meet

- Shut down background applications on your system to enable the best connection
- "Check-In" a few minutes prior to your appointment at doxy.me/DrDanMetevier
